will make the 1909 season at my farm where I live, 1/2 mile south of Stanford on the shortest pike as \$10 to insure a living colt. This young jack's colts won more in premiums in 1907 and 1908 than any jack in the county. His two first colts have never been beaten in their class as colts and yearlings and look like winners for 1909. They were shown at all local fairs both years and at Lexington and Kentucky State Fair in 1908. His 1908 colt was 1st winner at Kentucky State Fair and at several local fairs. Some of his 1907, 1908 and 1909 colts are on my farm to show for themselves.

UNDER a splendid picture of the gentleman, the Advocate says: Mr. George D. Weatherford is the affable and clever purchaser of the drug business of Mr. John S. Wells. He formerly lived in Danville and is as well known here and is as popular as he is in his old home town of Hustonville. He is a member of Ryan Commandery of Knights Templar and a gentleman of the highest order. The Advocate also prints a fine likeness of Cashier J. W. Hoskins, of the Peoples Bank of Hustonville, together with a very complimentary mention of the splendid gentleman.

PURSUANT to a call of the county board and in compliance with the law, the Fiscal court met Tuesday and made a levy of 10 cents to apply on all property in Lincoln county except in those districts where the levy is already as much as 20 cents. The money raised by this taxation shall go to improve school houses, for taking census and paying debts already incurred by some districts. Not the least beneficial will be the establishment of a County High School. The County High School and the Stanford High School will be co-existent the coming year. The County Board of Education has already entered into an agreement with the local board to that effect. Now let the patrons of the rural schools see that their children complete the common school branches and then enter the County High School free of charge. To be entitled to free tuition in this high school the pupil must take the examination before the County Board of Examiners on the second Friday and Saturday in May. It is recommended that each boy and girl take this examination if they have any intention of attending County High School next year. If the new law is a benefit, let it become operative at once. The people of Lincoln county can help to raise Kentucky from her low scale of illiteracy and make things go by encouraging every one to patronize high schools and colleges. Now that a high school education may be had by any one free of charge, let every opportunity be seized for betterment. The desire for what we lack and the ceaseless striving after better things makes us men. Let the pupils who intend to go to some high school, take the examination before the County Board of Examiners the second Friday and Saturday in May, get a certificate of graduation in the common school course and attend the County High School free of charge. Let all rejoice that another forward movement has been made.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pang of this deplorable disease. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many cases, found in Rheumatic Blood, seem to disappear and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend
